## **COLLINS PARK BREAKFAST - 5<sup>th</sup>** **JANUARY 2020**

25 members attended the 1st club event for 2020 being the Collins Park Breakfast.

Parked on top of the hill at Lloyd

We departed the club rooms at 7.40am for the short drive to Lloyd where members inspected the latest subdivision in that suburb, which is approaching completion.

Our time at Lloyd gave Bob and his team time to cook a BBQ breakfast at Collins Park.

The birthday boys

The park had obviously copped a storm event during the night as it was strewn with branches and a bunya pine had had its top snapped off perhaps 10m from the top.

Some senior attendees reminisced of when the zoo was located in Collins Park.

Relaxation at its best

Air quality from the bush fires was OK whilst we were there but deteriorated to unhealthy in the afternoon.

Thanks to Bob for organising this event and to the helpers who have a good BBQ down to a fine art.

Stuart Le Lievre, Events Director.

## **BAREFOOT BOWLS - SATURDAY 18<sup>TH</sup>** **JANUARY 2020**

The atmosphere of the gathering was boosted right from the start when the Condons arrived at the Club rooms with sherbet cones for everyone. Having a sherbet had been the subject of some banter on email in the prior days, initiated by Rocky.

We departed at 5.15pm for a short run via North Wagga to Gobbagombalin where members noted the growth of that neighbourhood since our last visit, and further extension to the north.

The first computer dates back to Adam and Eve. It was an Apple with limited memory, just one byte. And then everything crashed.

Rocky having a sherbet

Then on to the CSU where we skirted around the northern and eastern roads of the Uni. We were back to the Rules Club just after 6pm for a quick drink then the first of 2 rounds of bowls prior to a BBQ dinner.

Look at the spread on those bowls!?

Stuart Le Lievre, Events Director.

## **RESTORATION PROJECT COMPLETE**

Strategy was the all important element for the night!

Member talent at bowls varied from pitiful to miraculous. The gutters got a workout. We resumed bowls after dinner with mixed degrees of improvement. Some grabbed a coffee prior to moving on to Maccas for an ice cream. Alan and Lawrie enjoyed a Seniors Coffee. I believe all members had an enjoyable evening.

Congratulations to Ian Holgate on finishing his "Fergie" restoration. It has done a few laps up and down the drive but hasn't been out into the paddock to do some serious work yet.

## SILVER SCREEN MOVIES AT FORUM 6 CINEMAS

Earlier in the year an email was sent regarding attending an occasional Silver Screen movie as a group. The program from February to September 2020 is printed below for you to choose what you would like to view. BY THE LIGHT OF THE SILVER MOON has been listed in the events calendar for February. Further movies will be listed as interest is shown at monthly meetings.

\$13/head includes light refreshments. Time to be confirmed. Please contact Annie if you are interested in attending

## 5 AUSSIE AUTO FACTS YOU PROBABLY DIDN'T KNOW

Cars play such an underrated part in the lives of millions of Australians. Just try to imagine getting to work, the shops, visiting friends, or taking a long road trip in the height of summer without one!

1. Australia is the 6th biggest country in the world (after Russia, Canada, China, USA & Brazil), measuring 7.692 million square kilometres. It's the world's largest island and the world's smallest continent, and home to 810,236km's of bitumen or concrete road surface. That's a truck load of driving bliss to explore!

2. When the Sydney harbour bridge opened in 1932, cars paid double the price than horses to cross the bridge.

3. There are almost as many vehicles on the road in Australia (14 million) as there are adults.

4. The average Australian drives 14,000km a year. With over 13 million vehicles on the road, 182 billion kilometres are covered every year – enough to travel to Pluto and back almost 20 times!

5. The male lyrebird, native to Australia, can mimic the calls of over 20 other birds. If that's not impressive enough, it can also perfectly imitate the sound of a car alarm.

Three boys are in the school yard bragging about their fathers.

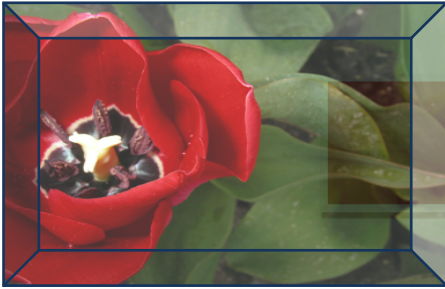

The first boy says, 'My Dad scribbles a few word on a piece of paper, he calls it a poem, they give him \$50.'

The second boy says, 'That's nothing. My Dad scribbles a few words on a piece of paper, he calls it a song, they give him \$100.'

The third boy says, 'I got you both beat. My Dad scribbles a few words on a piece of paper, he calls it a sermon, and it takes eight people to collect all the money!'

**TO ALL OUR DEAR MEMBERS**

**RE: PUBLICITY OFFICER ROLE – VACANCY**

Our Club has a vacancy for a “Publicity Officer”. To keep the Club running smoothly, we need positions to be filled on the Committee, otherwise it places an extra workload on the already busy Committee members. This will almost certainly be the case with the 2020 June Rally fast approaching.

The Committee would be very grateful to our Members if someone could “put up their hand” for the Publicity Officer role.

If anyone is interested in this role, please give me a call and I will be only too happy to discuss with you.

So until we meet again, stay safe and happy motoring

## 100 YEARS OF THE NRMA

Taken from January/ February 2020 Open Road

**Big campaigns for good roads, safety and lower motoring taxes defined the NRMA's early years, but the association also kept itself busy devising solutions to a number of smaller, more unusual issues of the day**

### HAND SIGNALS

Driving signals were an ongoing concern for the NRMA. In the 1920s, cars had no electric indicators, meaning motorists had to rely on a series of hand signals instead. "Drivers must make signals in a timely, unmistakable manner for the sake of safety," said Mr C. N. Neale, Deputy Commissioner for Road Transport, in 1927.

### CLOSED WINDOWS

The NRMA warned members of the dangerous practice of driving with the driver's side window closed. Apart from the possibility of occupants being affected by carbon monoxide fumes, the closed window did not allow the driver to give proper turning and stopping signals.

### WHITE GLOVES

In 1931, the NRMA suggested motorists wear a white glove on their right (or signalling) hand when driving at night. This would enable signals to be seen much more easily and possibly prevent an accident when a right-hand turn was about to be made on a busy thoroughfare.

### THIRSTY HORSES

In 1933, the NRMA asked its members not to fill their radiators up at horse troughs in the city because it was leaving the horses thirsty.

### BRIDGE HORSE BAN

The NRMA lobbied - successfully - to have horse-drawn vehicles banned from the Sydney Harbour Bridge not long after it opened because they were slowing up traffic.

### SAVING DOGS

The NRMA lobbied to give dogs the legal right to the road, ensuring they couldn't be deliberately run down by a car.

### DAZZLING HEADLIGHTS

The NRMA argued that a car with dazzling headlights was an unmitigated nuisance as well as a decided danger on the roads at night. NRMA patrols were always on hand to adjust members' glaring headlights.

### IGNORED INDICATORS

The NRMA lobbied aggressively to bring to account motorists who ignored turn signals. It also waged war on jaywalkers, demanding more severe penalties for those who transgressed.

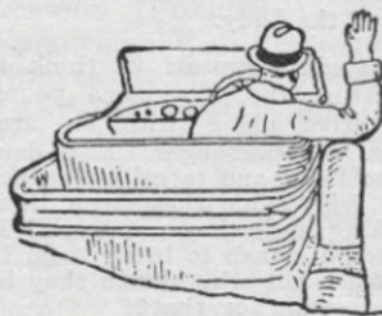

### HORN SIGNAL CODE

Members were urged to use their horns to sound the NRMA's running signal code (similar to Morse code) for things like 'slow down' (---) and 'move over' (-.-). "These two signals, if regularly used, will be found to be immensely helpful on the road," the NRMA said.

### NRMA'S SAFETY TIPS FROM THE 1930s:

1. Always keep your eyes open and your wits alert.
2. Always drive as you would wish others to drive.
3. Always keep yourself and your vehicle in safe driving order.
4. Always anticipate danger.
5. Learn, give and obey the recognised traffic signals.
6. Obey the law, in letter and spirit.

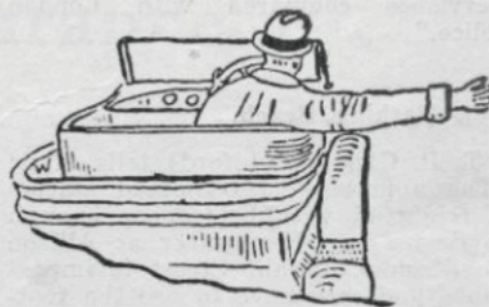

**"I AM GOING TO STOP."**

Hold the right forearm and hand vertical, palm turned to the front.

**"I AM GOING TO TURN TO THE RIGHT."**

Extend the right arm and hand horizontally, straight out from the off side of the vehicle, palm turned to the front.

**"COME PAST ME ON MY RIGHT."**

Extend the right arm and hand BELOW the level of the shoulder, and move them backwards and forwards.
